

Aerial pictures taken on Tuesday, June 22, 2010. Area includes Dry Lake and around Chain, Alice, Lake Irvine, and Churchs Ferry.

This picture is over the area that is either Mike's Lake or Chain Lake, looking Northwest. Lake Irvine would probably be on the horizon. With such a mass of water, it is hard to tell which lake you are over.

This is a close-up of the picture above.

The next few pictures are of the Northern area of the Chain and Lake Alice.

This is a close-up of the picture above.

These pictures are in the Northern area of Alice and Irvine.

These pictures are of the North end of Irvine.

This is a bridge East of Church's Ferry.

This picture is somewhere East of Churchs Ferry.

This picture is of Churchs Ferry from the East looking West.

Bridges of the BNSF and U.S. Highway 2.

This is Southeast of Church's Ferry, just North of U.S. Highway 2.
