**APPLICATION FOR CURB & GUTTER, SIDEWALK  
OR DRIVEWAY INSTALLATION/REPAIR PERMIT**

Any person, including the contractor, desiring to repair, rebuild, replace or construct curbs, gutters, sidewalks or driveways within the City right-of-way shall obtain a permit from the City Engineer before commencing such work. The application for the permit (and fee, if required), shall be submitted a minimum of 7 days before the date of commencing the work. The City Engineer shall review the application and upon acceptance, issue a permit to the person desiring to do such work.
