Requested acreage if Industrial Park Application: N/A

What types of infrastructure will be needed for your project?

City water, City Sewer, Electricity and Natural gas

Total Square Feet of the Building:

6,286 sq. ft defined as 1199 sq. ft. office space/break room/bathroom, 3443 sq. ft. garage/with work/laundry/bathroom/storage, and 1444 sq. ft. storage space.

Estimated completion date: 12/30/2026

What is the outlined of the proposed project?

Enduring Properties LLC has entered into a purchase agreement to buy the property at 122 College Dr., Devils Lake, ND. The intent is to remodel and upgrade the space to house a minimum of three different businesses/lessees. Currently, Advanced Counseling for Change PLLC, ServiceMaster of Devils Lake, and M and N Properties are committed to filling the space. In order to accommodate these businesses, we will need to create four sound proof offices, one handicapped accessible bathroom, potentially two additional bathrooms, a kitchen in the breakroom, upgrade the plumbing, additional electrical work, two new entrance doors, several interior doors, concrete work, window tint, maintenance to existing garage doors, insulation in the attic, drywall and paint for the majority of the space.

In the long term, Enduring Properties LLC would like to purchase other properties in the community with the intent to manage, renovate, and sell or lease.

The primary purpose of the business are?

Enduring Properties LLC will purchase, renovate, manage, sell, or lease properties. Providing attractive, safe, secure, and well-maintained properties for commercial and residential use. Enduring Properties LLC has a specific plan for the property at 122 College Drive which would include leasing to two businesses wishing to expand. ServiceMaster of Devils Lake would be able to more than double their space which would give the potential to add at least one full time and possibly a couple part time workers by spring. Advanced Counseling for Change would be able to add an additional office which will be used as a play therapy room with the potential space to train new therapists in house. These expansions will significantly improve services to the Lake Region Community.

The products or services provided by the business are?

Enduring Properties LLC has access to many service providers that would have the talent to upgrade properties purchased. These properties will then be available for the lease or sale in the community. There are currently many properties that are in serious need of renovation in the Lake Region Community. Enduring Properties LLC's long-term goal is to be able to upgrade multiple properties.

The local competitors of your business are?

There are several businesses in the community who do renovation, management, and leasing however, there are not enough of them. Currently, M and N Properties is one of these competitors who will likely lease space from Enduring Properties LLC. Due to the lack of trained professionals, who can do renovations, management, and maintenance, there is a void which Enduring Properties intends to fill over time.

How does your business differ from your competitors?

Enduring Properties LLC intent is not just to make money. Its primary goal is to provide safe, well maintained properties for community members to utilize. Enduring Properties LLC has a vision for the future which includes constant improvements to any properties it owns.

What percentage of your business income is from Devils Lake?

Enduring Properties LLC's primary income would be from the committed potential leases and would incorporate 100% of the income coming from Devils Lake community businesses. However, Enduring Properties LLC would look in the future to provide space to others who may be from outside of the community, with the intent to bring others into the community.

How many new jobs will this create?

Enduring Properties LLC intends to utilize individuals from Devils Lake and the surrounding area to help with the renovations on the property. Currently these individuals would be hired as contracted services. However, in the future there is potential for staff to be added. Much of the supplies for the renovation would also be purchased in Devils Lake.

By Enduring Properties LLC providing this space to ServiceMaster of Devils Lake, they will be to add 1 full time employee (\$40,000 per year), and potentially 2 part-time employees (\$10,000 each per year). Advanced Counseling for Change PLLC will be able to add space to train new potential mental health therapist with the hopes they will stay in the community.

What are the loan terms in years? 25 years.

RE: Response to Request from Lake Region Law Enforcement Center – Acquisition of
Parcel in Outlot #44-0002, Industrial Park Addition

Dear Members of the Devils Lake Jobs Development Authority,

On behalf of the Forward Devils Lake Board, we appreciate the opportunity to review the request submitted by the Lake Region Law Enforcement Center regarding the potential acquisition of a twenty-acre parcel located in Outlot #44-0002 within the Industrial Park Addition.

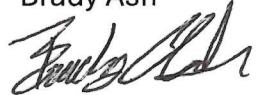

After thorough consideration and discussion, the Forward Devils Lake Board has decided not to recommend that this parcel be transferred at this time. This decision reflects the Board's responsibility to safeguard the long-term strategic value of the industrial park and the opportunity costs associated with the use of its land. The industrial park remains a critical community asset in advancing future industrial and economic development opportunities for the Devils Lake area. The FDL Board views it is important to maintain the flexibility necessary to support future growth and investment.

We want to emphasize that this decision is not a reflection on the importance of the Lake Region Law Enforcement Center or the services it provides to our community. While we do not support this specific land transfer, we remain open to continued conversations about how Forward Devils Lake can support the Lake Region Law Enforcement Center's needs in other ways.

Thank you for the opportunity to provide input on this matter, and for your continued partnership in promoting growth and development within Devils Lake and the surrounding region.

Sincerely,

Brady Ash

Proposal for Acquisition of Land in Outlot #44-0002

Introduction:

On behalf of the Lake Region Law Enforcement Center Board of Directors, we are pleased to submit this proposal for the acquisition of twenty (20) acres of land located in Outlot #44-0002. This initiative is a critical step in our ongoing efforts to enhance the safety and security of our community by constructing a new Law Enforcement Center.

Purpose of Acquisition:

The primary purpose of acquiring the land in Outlot #44-0002 is to establish a modern, state-of-the-art Adult Correctional Facility/Law Enforcement Center that will serve the needs of our growing region. The proposed facility will provide a new, safe environment for correctional officers, dispatch, and multiple law enforcement agencies. This investment will not only benefit current residents but will also support future growth and development in the area.

Community Impact:

The construction of a new Law Enforcement Center will have a lasting positive impact on the community. It will:

- Enhance public safety by providing updated facilities and resources for law enforcement and correctional officers.
- Increase operational efficiency through improved infrastructure and technology.
- Serve as a hub for community engagement, training, outreach, and crime prevention programs.
- Support local employment during and after the construction phase. Currently, the Law Enforcement Center employs over fifty individuals in various capacities.

Site Selection: Outlot #44-0002:

Outlot #44-0002 has been identified as an ideal location for the new Law Enforcement Center due to its size, accessibility, and proximity to major transportation routes. The twenty-acre parcel offers ample space for the construction of the facility, parking, and

potential future expansion. Selecting this site demonstrates our commitment to thoughtful planning and responsible stewardship of community resources.

Request for Approval:

We respectfully request consideration and approval for the acquisition of the aforementioned twenty-acre parcel in Outlot #44-0002. This project represents a significant investment in the long-term safety and well-being of the Lake Region community. We are prepared to work collaboratively with relevant stakeholders, local government, and community members to ensure the successful completion of this initiative.

Conclusion:

Thank you for your attention to this proposal. The Lake Region Law Enforcement Center Board of Directors is dedicated to enhancing public safety and fostering a secure environment for all residents. We look forward to your support in making this vision a reality and are available to provide any additional information or answer questions regarding this project.

He also said that they are hoping to have final architecture reports on the buildings that have been looked at as the City explores relocating the police department so it can be discussed at the next meeting. The 15-year window came up for NDTC franchise agreement, so that will need to be presented at a future meeting.

He also talked about the communication that he has had with NDPERS regarding the Defined Contribution plan and employee/employer cost shares. S-CD SHOP CONDO DEVELOPMENT DISTRICT

Purpose.

The S-CD shop condo development district is intended to accommodate flexible, small-scale commercial and light industrial uses in a condominium-style setting. The district provides opportunities for individually owned or leased bays that support trades, storage, business operations, and small-scale fabrication while maintaining a cohesive, orderly, and visually appealing development.

Limited residential accommodations, such as bedroom and kitchenette spaces, may be permitted within individual units as an accessory use to a primary business or shop operation. The intent is to support owner-operators and enhance functionality without converting the district to residential or mixed-use character.

Permitted uses.

- A. Light manufacturing or assembly operations conducted entirely within enclosed buildings.
- B. Contractor shops, including plumbing, electrical, HVAC, and building trades.
- C. Warehousing, storage, and distribution uses not involving hazardous materials.
- D. Office or showroom spaces accessory to permitted uses.
- E. Vehicle, equipment, or recreational vehicle storage within enclosed buildings.
- F. Fabrication, welding, woodworking, or repair shops with all operations conducted indoors.

 3. Comply with applicable building and fire codes.
- M. Accessory uses customarily incidental to the above.

Conditional uses.

None

Yard requirements.

Parking.

Parking will be in front of shop condos for each unit.

Signs.

A. Purpose. The purpose of regulating signs in the city is to provide for a visually-pleasant urban environment and minimize potentially unsafe street, highway and sidewalk conditions for all age groups, but yet offer many opportunities for public and private information and advertising.

B. General Requirements.

1. No sign shall be located, erected, moved, reconstructed, extended, enlarged or structurally altered without obtaining a permit from the code administrator. Nonconforming signs shall be subject to the provisions of Section 17.76.010 of these regulations.

2. All signs, canopies, awnings and marquees shall be structurally safe and securely anchored, fastened or supported in order to protect the safety of persons or property.

3. No revolving beacon or fountain signs are permitted in any district, except such signs connected with the operation of the airport or public facilities.

4. No sign, canopy, awning or marquee in any district shall conflict in any manner with public devices controlling public traffic.

5. Publicly owned and maintained ground signs shall not be erected on the public right-of-way until reviewed by the planning commission and approved by the city commission.

6. Signs, canopies, awnings and marquees projecting over a street, public way or other public space shall project not more than two feet. Clearance below such signs shall be a minimum of nine feet.

7. Awnings that are collapsible, retractable or capable of being folded against the face of the supporting building, may in fully open position extend over public way no more than seven feet from the face of the supporting buildings, but no portion shall extend nearer than two feet to the face of the nearest curb line measured horizontally. In no case shall the awning extend over a public way greater than two-thirds of the distance from the property line to the nearest curb in front of the building site.

8. Signs may be wall, pedestal, ground or projection type but shall not project into the public right-of-way or public property.

SURVEY NOTE:
All mapping is in a ground coordinate system derived by applying a scale factor of 1.000130347 to all project points based on ND State Plane Coordinate System, North Zone 3301, NAD 1983(CORS 96), U.S. survey feet.

This figure is a detailed land survey map of a residential development. The map shows five blocks (Block 1 through Block 5) arranged in a grid. Each block contains 14 lots, each 60' wide and 80' deep. The map includes property lines, lot dimensions, and various survey markers. Key features include 'PUBLIC CIV. UTILITY EASEMENT' and 'PUBLIC ACCESS' roads. The map is overlaid with a coordinate system and includes several property parcels and survey points.

Re: 5-Year Exemption of Improvements to Residential Structure – 502 12th Ave NE

ND Century Code Chapter 57-02.2 allows for municipalities to encourage investment of capital improvements by providing a five-year exemption from taxation for improvements made to commercial and residential structures.

The methods of assessment and taxation of real property discourages the investment of private capital in the rehabilitation and remodeling of commercial and residential structures. This often results in owners allowing their properties to decay, become in need of repair, modernization and replacement, and in the end, those conditions have resulted in a decreased tax base. The five-year exemption on the increased value from improvements encourages the investment of private capital in improvements to commercial and residential structures, thereby encouraging the production of wealth, improving the volume of employment, enhancing living conditions and preserving and increasing the property tax base.

Before tax exemption on improvements become effective, it must be approved by the City Commission.

The exemption of improvements in the enclosed application qualify under NDCC Chapter 57-02.2 and approval of the 5-year exemption is recommended for tax years 2026 through 2030. For clarification, this exemption is for the value of the improvements made to the dwelling only and will not be applied to the newly constructed detached garage.

CHANGES COMING TO THE CITY'S GARBAGE AND RECYCLING PROGRAMS

WEEKLY GARBAGE PICKUP

In the Fall of 2026 a new method of picking up garbage will be implemented using an automated garbage pickup system.

Each household with a City utility account will be issued a new garbage can that will be picked up by a garbage truck equipped with arms that reach out, pick up the can and then dump it in the truck.

The new garbage cans will need to be placed in an accessible location three feet away from obstacles so that the arms of the truck have room to wrap around the can for dumping.

Prior to converting to this garbage collection system, there will be considerable information made available to all residents.

RECYCLING

Curbside recycling pickup was discontinued in July of 2025. Currently, recyclable materials such as tin/aluminum cans, newspaper/paper, corrugated cardboard, plastic bottles, and glass jars can be dropped off at the Recycling Center at 205 2nd St NE.

ANNUAL SPECIAL PICKUP

The City's special pickup policy has changed for the new year. In 2026, there will be only one special pickup, not two as in past years. The special pickup will be during the month of June. Each residential account may put out 5 CY (about 2 pickup loads) of items for special pickup during the month of June – see calendar for the date for your special pickup. Put items out at 7:00 am where your garbage is normally picked up. Acceptable items include carpet, mattresses, furniture, construction debris, appliances (\$15 freon fee), doors and windows.

The landfill will be open by appointment at 9:00 am or 1:00 pm for free dumping the two weeks prior to special pickup. Call 662-7600, ext 1 to make an appointment.

GRASS AND LEAVES

Grass, leaves and small branches will continue to be acceptable at the Recycling Center AT 205 2nd St NE for those who are city residents. Non residents or contractors may dump grass and leaves for a FEE. Call 662-7600, ext 1 for more information.
