CITY SNOW REMOVAL OPERATIONS

The City of Devils Lake snow removal operations are done in two modes: Storm Operation and Routine Maintenance Mode.

STORM OPERATION MODE

- Full city crews work after storm clearing priority routes and then residential areas.
- Downtown area will be cleaned the first night following clearing of priority roads.

- If residential streets are impassable, crews will work to open residential streets PRIOR to cleaning downtown.
- Alleys cleaned based on garbage pickup routes; downtown cleaned first.
- Snow gates are not effective with deep snow and may not be used.
- Residents asked to not park on streets/avenues where they will hinder City snow removal efforts.
- Motorists asked to limit travel so snow removal can progress.

FIRE HYDRANTS AND MAILBOXES

- Resident's responsibility to remove snow around mailboxes.
- Residents are asked to clear snow from fire hydrants in their area.
- City crews will work to clear these areas as time allows during maintenance periods.

SIDEWALK

- Residents are required to clear their sidewalk of snow or ice within 24 hours of a snow event; if not cleared, the City or its contractor may remove the snow and bill the property owner.
- Residents should notify the City of uncleared sidewalks so problems can be corrected.

- Residents, business owners and contractors are reminded it is illegal to deposit, place, move or push snow and leave on streets, alleys or highway rights of way within the City.
- Violations may result in the City removing snow and billing property owner according to the City's Rates and Fees.
- Be courteous and do not push snow onto your neighbor's property or boulevard without their permission.

CHANGES COMING TO THE CITY'S GARBAGE AND RECYCLING PROGRAMS

WEEKLY GARBAGE PICKUP

In the Fall of 2026 a new method of picking up garbage will be implemented using an automated garbage pickup system.

Each household with a City utility account will be issued a new garbage can that will be picked up by a garbage truck equipped with arms that reach out, pick up the can and then dump it in the truck.

The new garbage cans will need to be placed in an accessible location three feet away from obstacles so that the arms of the truck have room to wrap around the can for dumping.

Prior to converting to this garbage collection system, there will be considerable information made available to all residents.

ANNUAL SPECIAL PICKUP

The City's special pickup policy has changed for the new year. In 2026, there will be only one special pickup, not two as in past years. The special pickup will be during the month of June. Each residential account may put out 5 CY (about 2 pickup loads) of items for special pickup during the month of June – see calendar for the date for your special pickup. Put items out at 7:00 am where your garbage is normally picked up. Acceptable items include carpet, mattresses, furniture, construction debris, appliances (\$15 freon fee), doors and windows.

The landfill will be open by appointment at 9:00 am or 1:00 pm for free dumping the two weeks prior to special pickup. Call 662-7600, ext 1 to make an appointment.

RECYCLING

Curbside recycling pickup was discontinued in July of 2025. Currently, recyclable materials such as tin/aluminum cans, newspaper/paper, corrugated cardboard, plastic bottles, and glass jars can be dropped off at the Recycling Center at 205 2nd St NE.

GRASS AND LEAVES

Grass, leaves and small branches will continue to be acceptable at the Recycling Center AT 205 2ND St NE for those who are city residents. Non residents or contractors may dump grass and leaves for a FEE. Call 662-7600, ext 1 for more information.
